

API Delevan[®]

Robust Construction.
Proven Reliability in Critical Applications.

Surface Mount Inductor (1008)

- Operating Temperature Range: -55°C to +125°C
- Inductance values up to 47.0 μ H
- Inductance tolerances down to +/-1%
- High Q factors and High SRF values
- Epoxy molded construction
- Terminations: Tin-Lead (Sn63/Pb37), RoHS (Sn95.5/Ag3.8/Cu0.7)
