

# API Delevan<sup>®</sup>

Robust Construction.

Rugged Reliability in Harsh Environments.

## Common Mode Chokes and Transformers (CM7560)

- Operating Temperature Range: -55°C to +125°C
- Higher Operating Temperatures Available
- Inductance values up to 150,000  $\mu$ H
- Current ratings up to 5.5 Amps
- Windings balanced within 1%
- Available in various geometries and sizes
